Profile

Final-year B.Sc. (Hons) IT undergraduate at SLIIT with over one year of industry experience across full-stack web development, enterprise applications, and corporate website delivery. Skilled in Next.js, .NET, PHP (CodeIgniter), and Oracle SQL, with additional experience in machine learning, mobile development, and IoT. Proven ability to deliver production-ready software in cross-functional Agile teams.

Education

Sri Lanka Institute of Information Technology (SLIIT) 2022 – Present
B.Sc. (Hons) in Information Technology 4th Year, Semester 2

St. Patrick's College, Jaffna 2011 – 2019
G.C.E. Advanced Level and Ordinary Level

Professional Experience

Associate Software Engineer April 2026 – Present
Overdime Technologies

- Contributed to the development and enhancement of enterprise-level applications including the DPMC Lottery System
- Developed and maintained modern web applications using Next.js, focusing on performance and scalability
- Worked on multiple corporate websites including Hill Cottage and Asstline Holdings, delivering UI improvements and performance optimizations
- Collaborated with cross-functional teams to deliver high-quality software solutions aligned with business requirements

Software Engineer Intern March 2025 – March 2026
DP Infotech PVT LTD

- Contributed to backend development and database operations on the DPMC ERP System using .NET technologies and Oracle Database
- Developed and maintained multiple company websites under the David Pieris Group, including the Pearl Bay and DPMC corporate websites, built with PHP and the CodeIgniter framework
- Participated in frontend and full-stack development of modern web applications using Next.js, including the David Pieris e-Mobility, GWM (Great Wall Motors), and DPA websites
- Gained hands-on experience across the full software development lifecycle including design, development, testing, and deployment
- Worked with multiple technologies including .NET, PHP (CodeIgniter), Next.js, and Oracle SQL in an Agile team environment

Projects

AI-Driven Decision Support System for Sustainable Paddy Farming [Research]
Python, Machine Learning (Scikit-learn, TensorFlow), IoT Sensors, Data Analytics

- Designed an AI-powered DSS to optimize paddy farming decisions including irrigation, fertilization, and yield prediction
- Integrated IoT sensors for real-time collection of soil moisture, temperature, and environmental data
- Applied ML algorithms to analyze agricultural data and generate actionable recommendations for farmers

Hotel Management System – Full Stack Web Application

React.js, Node.js, Express.js, MongoDB, Postman API, CSS

- Developed a full-stack hotel management system to streamline operations and data management
- **Role:** Team Leader for an 8-member team
- Architected the REST API with Express.js and designed the MongoDB schema for reservations and inventory

Online Customer Care System – Web Application

Java, MySQL, HTML, CSS

- Led a team to develop a customer support application, implementing core functionality and object-oriented principles
- Designed role-based authentication and user management for support agents and customers

Online Apartment Sales System

HTML, CSS, JavaScript, PHP

- Built a responsive web application for apartment listings with complete CRUD functionality

Mobile Applications

Figma, Android Studio, Java, Kotlin

- Designed and developed a productivity to-do list app and a mobile game using Android Studio

Technical Skills

- **Programming:** C, C++, Java, JavaScript, Python
- **Web Development:** HTML, CSS, MERN Stack, Next.js, ASP.NET, PHP (CodeIgniter)
- **Mobile Development:** Android Studio, Java, Kotlin
- **ML / AI & IoT:** Scikit-learn, TensorFlow, IoT Integration
- **UI/UX:** Figma – Prototyping & Wireframing
- **Databases:** MySQL, MongoDB, Oracle SQL
- **Tools:** Git, GitHub, Postman, VS Code
- **Concepts:** OOP, Agile/Scrum, REST APIs, SDLC

Soft Skills

- Team Leadership
- Problem Solving
- Attention to Detail
- Time Management

Languages

- **English:** Professional
- **Tamil:** Native
- **Sinhala:** Elementary
